To Whom It May Concern:

I would like to take a moment to personally recommend Performa Technologies, Inc. as a superior Audio Visual Installation Company. Our experience with them has been one of professionalism as well as great friendship. They are extremely competent in their craft and have a vast amount of knowledge as it relates to AV systems. They installed a system that took into account our overall needs as a ministry, yet looked at long-term solutions to recurring needs. We continue to be very pleased with the finished product and appreciate that Performa Technologies stands by their work. We regularly get commended for having such an amazing Audio Visual system. I am pleased to recommend them to anyone, whether they are looking to upgrade or get a new install, no matter the size of the project. I have absolutely no reservations recommending them to you.

The following work was done by them:

Project: Northridge Church, Haines City, Florida

Type of Work: Audio Visual

Project Value: \$191,498.56

(Performa Technologies Inc. was a subcontractor to Guide One Insurance, Iowa)

Sincerely,

Terrill J. Gilley

Worship & Missions Pastor
